

Examiner's Comments

Title:

The title of the Invention has been changed to the following:

Method for treating pancreatic cancer using K-ras antisense oligonucleotide in combination with MDA-7.

Change of Inventorship:

In view of the papers filed 7/31/2007, it has been found that this nonprovisional application, as filed, through error and without deceptive intent, improperly set forth the inventorship, and accordingly, this application has been corrected in compliance with 37 CFR 1.48(a). The inventorship of this application has been changed by addition Zao-Zhong Su.
